On 5 May 2025, Ministry of Finance issued Circular No. 19/2025/TT-BTC, on registration of public companies, cancellation of public company status, and reports on audited charter capital contribution (“Circular 19”). Circular 19 took effect on the date of signing and cancels Articles 1.4, 6, 7 and 8 of Circular No. 118/2020/TT-BTC dated 31 December 2020 of Ministry of Finance, providing guidelines for several contents on offering and issuance of securities, public offering, share redemption, registration of public company and cancellation of public company status (“Circular 118”).

Regarding the registration of a public company and cancellation of public company status, compared with Circular 118, Circular 19 has some notable new points as follows:

1. Registration of Public Company

(a) Order and Procedures

Circular 19, for the first time, provides detailed guidelines on the procedures for public company registration. Specifically:

- (i) A joint stock company (“**JSC**”) with a contributed charter capital of VND 30 billion or more, with equity of VND 30 billion or more and with at least 10% of voting shares held by at least 100 investors who are not major shareholders must submit a public company registration dossier to the State Securities Commission (“**SSC**”) within 90 days from the date on which the company completes its capital contribution and has a shareholder structure that meets the above requirements.
- (ii) Within 15 days from the date of receiving a complete and valid public company registration dossier, the SSC shall be responsible for confirming completion of the public company registration, and at the same time publishing the name, business content and other information related to the public company on the SSC's information disclosure means.

- (iii) In the case where the dossier needs to be amended to ensure its completeness and validity, the SSC shall send to the JSC registering public company a written document stating the required content of amendment.
- (iv) Within 60 days from the date on which the SSC requests to amend the dossier, the JSC must complete the dossier as requested. If the above-mentioned time limit has passed and the JSC registering the public company has not completed the dossier, the SSC will stop reviewing the public company registration dossier.
- (v) During the dossier reviewing period, the JSC is obliged to amend the dossier when it is found that there is incorrect or missing information or change in important content that must be included in the dossier according to the law or the company finds it necessary to explain issues that may cause misunderstanding.
- (vi) The time limit for reviewing the dossier is calculated from the date on which the SSC receives the complete and valid dossier.

(b) Dossier

Circular 19 maintains the provisions of Circular 118 on components of public company registration dossier and provides detailed standard forms for implementation. In general, such a dossier consists of:

- (i) Public company registration form according to the template in Appendix No. 02 to Circular 19;
- (ii) Company's articles of incorporation according to the provisions of Law on Enterprises and draft company's articles of incorporation applicable to a public company according to the regulations;

In addition to the general provisions, Circular 19 has amended the provisions on the public company registration dossier applicable to companies formed after enterprise restructuring. The documents specified in points (i), (ii), (iii), (iv) and (vii) above will be applied in general,
